Diplomates of the
American Board of Urology

Financial Policy

As a courtesy, Las Vegas Urology verifies benefits with your insurance company. A quote of benefits is not a guarantee of coverage or payment. Your claim will process per your plan. If your claim processes differently from the benefits quoted, the insurance company in most cases will refer to and process per the plan, and will not honor the benefit quote we received.

It is the policy of Las Vegas Urology that payment is due at the time of service unless other financial arrangements are made in advance. All patients are required to pay their deductible, copay and/or coinsurance payment at the start of each visit. After your visit with us, you may be billed for any outstanding balances. If there is a credit due back to you, the refund will be provided upon request, or once the explanation of benefits is received from your insurance.

Please provide your current insurance information to the front office staff and as a courtesy, we will verify your coverage and bill your insurance. Las Vegas Urology's acceptance of your insurance does not place any financial responsibility on Las Vegas Urology, and any unpaid balance will be your responsibility.

Las Vegas Urology is contracted with most insurance carriers, but our services may not be covered by your insurance plan. In addition, another physician's referral to our clinic does not necessarily guarantee your insurance will cover the services provided. Please remember you are responsible for all charges incurred, and your physician's referral and verification of your insurance benefits are not a guarantee of payment.

We highly recommend you contact your insurance carrier and verify your plan benefits.
